CLERK, U.S. DISTRICT COURT

Case No. 08 CV 2742

The Honorable
James B. Zagel,
U.S. Judge presiding.

EMERGENCY
MOTION FOR PROTECTIVE ORDERS, AND SUPPORT
OF ISSUANCE OF A TEMPORARY RESTRAINING ORDER *

COME NOW, the plaintiff James G. Turner - et., Pro Se, in Emergency in support of his Motions For Protective Orders and for a (TRO), and respectfully move this Honorable Court to issue Orders, Accordingly.

IN SUPPORT, plaintiff states:

1. That on July 10, 2008, plaintiff was moved from cell #6-47 after 4:00 PM by inmate workers to cell #2-32 a two-man-cell by himself. At this time inmate workers begin alleging plaintiff was a snitch.

2. That on July 12, 2008, an inmate cellhouse help worker was placed on deadlock status, and his status has been attributed to plaintiff and now inmate workers have prisoners in segregation calling him a snitch, in the

area plaintiff is confined.

3. That as a direct result of plaintiff being labeled a snitch, inmate cellhouse help workers are tampering with plaintiff's food trays, by putting garbage, feces, etc, on his food, rendering food inedible, as such, plaintiff has not been able to eat an entire meal since July 11, 2008, and plaintiff is starving.

4. Then on July 14, 2008 defendant(s) confined another inmate Damon V. Jones Reg.No. *K62682 to cell with him in Hot Box Torture Cell.

5. Said inmate does not want to cell with plaintiff because he knows inmate workers are tampering with his food and he could easily whine-up with food tray that's been earmarked for plaintiff. Further, no one wants to be around a prisoner labeled a snitch. So far we've had no altercations, but, it will only get worst with each passing day. (See Affidavit).

6. That plaintiff cannot stop inmate workers from tampering with his food trays, and his cellmate could whine-up with a tray that's suppose to come to him, neither of us are eating but a little of the food trays that come to the cell.

7. Plus, plaintiff's life is being threatened and inmates have determined to get him at the yard, or on Hospital pass, as such, he is fearful of his continued health, and safety.

8. That whenever it gets unbearably hot like it was July 15, 2008, plaintiff can't catch his breathe and he had several breathing attacks, and he passed out with High Blood Pressure and Chest pains, but, because he has Complaint 08 e 3664 pending before Judge Moran against Medical staff, they are refusing to provide plaintiff with proper medical treatment, trying to cause his demise.

9. That plaintiff is confined to a two man Steel Front Isolation Control Hot Box Torture Chamber Cell, with little ventilation which makes breathing difficult, which subjects him to breathing attacks and his blood pressure rises and his Heart receives sharp pains, this torture will continue so long as plaintiff remains in Hot Box Cell.

10. The next time plaintiff could die and medical staff are affording no medical treatment, nor, will they have plaintiff moved from Hot Box Cell,

11. The plaintiff has no other remedy, other than to go on suicide watch, which will make it even worst, as such, he seek protective Orders, that:

A) Defendants move plaintiff to open-barred single-man-cell;

B) Defendants afford prompt, meaningful and proper medical care;

C) Transfer plaintiff to Stateville Correctional Center,

- D) Any additional relief this Court deems just
- E) Order Video Court Conference Call.

WHEREFORE, DO WE PRAY.

Respectfully submitted,

James G. Turner

I, Damon V. Jones being first duly sworn upon my oath depose and state that the following matters are both true and correct made upon personal knowledge and belief, and if called as a witness, I am competent to testify thereto: I am a Inmate in the custody of Menard P.C. housed in the North 2 Segregation unit and have been so since July 7th 2008. On July 14th 2008 I was moved from 2-30 cell to a Hot Boxes/controlled cell with J. Turner-EL. North 1 cell 2-32. For the past few days I've been hearing both inmates locked up and inmate workers refer to J Turner-EL as a Snitch. That told something on his cell mate then told something on a inmate worker and got him locked up again. It's been rumored that the workers are tampering with his food trays as a means of retaliation's against him for snitching. I don't want to be in the cell with J. Turner-EL because he's being cursed out, threatened and his food is being messed over and because I'm in here with him, I would very well whine up with a tampered tray meant for him. I've voiced my concerns to several workers to refrain from any tampering because I'm in here with Turner-EL and I don't want my trays to be messed over cause it might end up with the spoiled up food trays. I believe Turner-EL needs to be in a regular barred cell by himself or transferred as, to many prisoners are looking at him as a snitch which could get him hurt. Turner-EL very thin little old man who can easily be injured - I know cause he had an severe breathing attack and passed out - I want to help him up and asked him what was wrong he stated he was having chest pains and it was hard for him to breathe and he thought his blood pressure was high - I beat on the door for a medical staff or officer to show's cell one to our location. They never came until about 3 or 4 am during their regular med. pass - they didn't check him out or show any means of medical assistants. This two man cell Hot Box

Affidavit (continued) Page 2 of 2

Is a Torture Chamber for a person of his age and health condition. There's little ventilation which make breathing difficult. Every person believe he will only get worse under these conditions and medical staff affording no proper medical treatment, not having him moved to a cooler open barred single man cell, will only insure him more medical problems.

Pursuant to 28 USC 1746, 18 USC 1621 or 735 ILCS 5/1-109, I declare, under penalty of perjury, that everything contained herein is true and accurate to the best of my knowledge and belief. I do declare and affirm that the matter at hand is not taken either frivolously or maliciously and that I believe the foregoing matter is taken in good faith.
